

Contractor Services in Vancouver & Surrounding Areas

Portfolio of Completed Projects

ABOUT OUR COMPANY

Built in Canada. Driven by craftsmanship. Inspired by Ukrainian roots.

We are a Canada-based construction company delivering high-quality residential and commercial building services. Our work is grounded in Canadian standards of safety, precision, and accountability, while our mindset reflects a strong work ethic, attention to detail, and genuine care for every project we take on.

We believe construction is more than materials and tools – it is trust, responsibility, and pride in the final result.

That philosophy guides everything we do.

RENOVATIONS — RESIDENTIAL & COMMERCIAL

We provide full-scope renovation and construction services for residential and commercial properties.

From partial upgrades to complete renovation projects, we manage every stage of the process – from demolition and preparation to final finishes. All work is performed to Canadian standards, with transparent estimates and clearly defined timelines.

Over the years, we have successfully completed numerous projects and earned the trust of 2,000+ satisfied clients, who value our professionalism, quality craftsmanship, and reliable project delivery.

Repair floor: Subfloor of 2 small bedrooms

After contacting a number of other contractors that gave us unusually high quotes or had extremely poor communication we stumbled across FSB. We...
